RECEIVER FOR BONNIE CLAIRE

A petition has been filed in the Federal Court at Los Angeles asking that the Bonnie Claire Mining Company, owner of a producing property between Goldfield and Rhyolite, be declared bankrupt and that a receiver be appointed.

E. A. Forester is president of the company, and he and his son are declared to be creditors to the extent of \$16,000, and there are two smaller claims against the company.

The Bonnie Claire is located near Thorp's Wells, about half way between the two big southern camps. It was the subject of some frenzied advertising about a year or so ago, when handsomely lithographed prospectuses were issued, containing glowing accounts of its possibilities were put forth. A number of gentlemen high in the official life of the State were among its sponsors. Those who desired to invest were not permitted to receive stock certificates, but were given receipts for certificates, the promoters being particular to explain that they did not want the stock thrown on the market to depress the price. Quite a number of residents of Reno and Carson bit off a chunk of the stuff at good prices.

AWAY BEYOND HIS EXPECTATION

W. H. ROUTLEDGE VISITS MANHATTAN TO INSPECT HIS HOLDINGS.

W. H. Routledge, formerly of Tonopah and now of Sacramento, returned yesterday from Manhattan, where he and his associates are interested in a number of properties. Mr. Routledge has not been in Manhattan for several months, and was surprised at the improvements which have taken place in his absence.

"I have always maintained that Manhattan was a wonderful camp," said he; "but the appearance of it today is away beyond my expectations. Think of mills in Manhattan, something for which we were long praying, and now there are two of them in actual operation and a third nearly ready to start up. It is estimated that the Chapman mill will be in operation by the first of the year."

"The properties in the camp are looking good too, and the amount of work that is going on at this time is surprising. Everybody is doing his assessment work; nobody is taking any chances on losing his property, and the amount of leasing that is going on in the camp is a caution. As a matter of fact, the camp is looking fine from every standpoint, and there is no doubt in my mind that the camp is going to be one of the greatest camps in the State. It has all the earmarks of it, and the developments every day are proving the promises of the early days. When the financial stringency has loosened up and capital is again seeking investment, just keep your eye on Manhattan. Before the end of next year you will see many more mills in the camp, and there will be all kinds of ore being crushed and the mills will have more than they can do to handle the output of the mines."

Mr. Routledge will leave for Sacramento today or tomorrow, and will be accompanied by George S. Hopkins, who has charge of the properties being operated by Routledge and his associates.
